Civil War Breaks Out at Fiume Between Italians and Croats

GOVERNMENT PALACE IS SURROUNDED BY FASCIST ELEMENT

(By Associated Press)
LONDON, Mar. 3.—The Italian Fascists at Fiume succeeded in occupying the postoffice, and later completely surrounding the government offices. The government is surrounded by machine guns, says a dispatch to the Exchange Telegraph company. The Croats returned the fire, says the dispatch, and a state of civil war has broken out between the Italians and Croats elements of the city. The Fascists are also reported to have captured an Italian torpedo boat.

The city of Fiume and environs are in a state of terror. Renewal of the conflicts last night between the Fascist and local police resulted in the death of one of the Fascists and wounding of a score of participants of both factions. Carabinieri today surrounded the government palace in an effort to restore order, but the conflict between the Fascists and police in the efforts to disarm each other is still being continued.

ARMY CRIPPLED AS RESULT OF LACK OF FUNDS

May Mean Decrease of at Least One-Third Forts, Posts and Flying Fields.

(By Associated Press)
MIAMI, Mar. 3.—A reduction of from 50 to 60 million dollars from the war department's budget for the fiscal year is reported to be the plan of the house appropriations subcommittee, which will mean a decrease of at least one-third in the army forts, posts, flying fields and training camps of this country. Secretary of War Weeks said here today: "It is impossible, with a force of only 100,000 to man those forts, camps and fields, even with a sufficient number of men to 'drill a squad' Weeks declared."

WILL COMMEMORATE HOISTING FIRST FLAG

(By Associated Press)
HOLLISTER, Mar. 3.—Lieutenant Governor Young will represent the state of California at the annual flag raising ceremony at Fremont Peak today, in commemoration of the hoisting of the first American flag in California there on March 4, 1846.

NEGRO RELEASED BY ORDER OF CANADIANS

(By Associated Press)
HAMILTON, ONT., Mar. 3.—County Judge Snider today released Matty Bullock, an American negro, held at the request of the United States authorities for extradition to North Carolina, where he is wanted on a charge of murder. The southern state refused to send witnesses to Canada to testify in the extradition proceedings.

OLD RESIDENT IS SUFFERING RHEUMATISM

Chris Zabriskie Is Stricken at Death Valley Junction While On Business Visit.

Chris Zabriskie, vice-president and general manager of the Pacific Coast Borax company, is at Death Valley Junction seriously ill with an attack of rheumatism. Mr. Zabriskie, who is accompanied by his wife, will be taken to Byron Hot Springs, California, the officials of the Tonopah & Tidewater Railroad company have kindly consented to send the private car, "Mizpah," to Death Valley Junction tomorrow morning, that the patient may be made comfortable on his journey to Antioch, the nearest railroad station to Byron Hot Springs.

Mr. Zabriskie, accompanied by his wife, recently arrived from New York and has been making an inspection of the properties owned by the Pacific Coast Borax company. He was expecting to pay a visit to Tonopah to renew old friends established during the early chandleria and Esmeralda days, his heart still remaining with this section where he was so well and favorably known to the older residents. This is the second attack of rheumatism that has visited Mr. Zabriskie of late, and his friends, and they are hoping, hold out the hope that he will have a speedy return to good health.

ROYSTON SCENE OF IMPORTANT MINERAL FIND

C. O. D. Claim Showing Three Feet Good Ore—C. Y. Poy Buys Third Interest.

News of a promising mineral discovery on the C. O. D. claim of the Royston Mining company at Royston, Nevada, today. The find was made by F. E. Wilcox and Stanley Wilcox at a depth of 11 feet from surface and three feet of solid ore is exposed on the footwall that carries high commercial values. Three assays were had upon samples taken from the ore across the three-foot streak which returned values as follows: Sample No. 1, 150 ounces gold, 70.8 ounces silver; sample No. 2, 176 ounces gold, 35 ounces silver; sample No. 3, 145 ounces gold, 35 ounces silver and 15 per cent lead. This made a value of \$60.50, \$70.70 and \$78 a ton respectively.

Shortly after the new find had been made the leasers entered into negotiations with C. Y. Poy, the successful mining operator at Royston, whereby the latter purchased a one-third interest in their privileges, a substantial cash payment having been made by Poy.

The operations of this lease are in Tonopah today making purchase of necessary steel and other equipment, as well as lumber, which are to be delivered at the seat of operations immediately. Blacksmith shop and bunk house are to be constructed and an aggressive campaign of development will follow.

The discovery was made on the C. O. D. claims by these leasers is out of the ordinary in view of the fact that the gold and silver values are about equally divided. On all other properties where development is in progress at Royston the silver values predominate to a great extent. The ore appears in an andesite formation, which is considered most favorable for the shoots being found to be persistent.

JAMES WEEDEN, Manhattan leaser, is spending a couple of days in Tonopah.

MURDERER TWO SALESMEN PAYS FULL PENALTY

While Attorneys Seek Way to Avert Execution Sheriff Proceeds With Plans.

(By Associated Press)
CHICAGO, Mar. 3.—Strapped to a chair and carried to the gallows in a semicomatose state in which he had lain for weeks, Harvey Church, slayer of two automobile salesmen, paid the penalty this afternoon. He remained apparently unconscious to the end.

Harvey W. Church, 21, double murderer, sentenced to be hanged today, continued to lay in what medical men termed a state of self-imposed catatony, as his attorneys planned to avail themselves of three almost hopeless efforts to obtain a stay of execution, and the sheriff announced he planned to carry out the execution at 4 p. m. today. Church, strapped in the chair, doctors have stated that when Church is executed he will have no recollection of the law exacting the supreme penalty.

During the visit of his parents, Church gave no further heed to their pleas or talk. The mother was almost too weak to talk and was neglected to his bedside. "Harvey won't you speak to your mother?" she said, but there was no sign from the motionless prisoner that he heard. The father kissed him twice, begged him to speak, but to no avail. Church also remained silent during the pleas from his sisters and his attorney.

CHOIR SINGER IS INJURED BY MASKED ROBBER

Had Just Finished Practicing Sunday Songs When Man Inflicts Flesh Wound.

(By Associated Press)
PORTLAND, Mar. 3.—Miss William Fuller, 17-year-old high school girl, was shot last night at St. Stephen's cathedral by a masked man or boy while the choir was practicing. She is reported in no danger. The choir had just finished practicing one of next Sunday's songs when a man with a dirty handkerchief tied about the lower part of his face, entered the room, ordering "hands up."

The singers, thinking it a joke, did not comply, and the man then fired. He picked up a hat as he ran out.

GOVERNOR PROBES BANK'S FAILURE

(By Associated Press)
OKMULGEE, Okla., Mar. 3.—In a dramatic scene at the court house, County Attorney James Hepburn refused to consent to the request of Governor Robertson to be permitted to appear before the district court grand jury which is investigating the failure of the Bank of Commerce. The county attorney declared the governor could not supercede him in conduct of the probe. The governor replied he had the power to supercede the county attorney.

AND GOVERNOR—OKMULGEE date. Recent statements from the county attorney indicated the governor was under investigation in the case of the Bank of Commerce failure. This was followed by a demand by the executive that he be permitted to testify before the grand jury to prevent any action which might "throw a stain upon the state."

REDUCTION OF FREIGHT RATES HELPS NEVADA

Many Mining Camps Will Profit Through Shipping Ores to Smelter at Toulon.

The Public Service Commission of Nevada has procured the establishment of a commodity rate on ores, concentrates and sulphates in car loads from various places in the state to the Toulon Smelter at Toulon, Nevada, much lower than the present class rates. The new rates are published by the Southern Pacific company to become effective on April 1, and the effect of the reduction is shown by a comparison of the new with the old rates from a few representative points.

From Reno the new rate on \$50-ore is \$1.10 per ton, on \$100-ore, \$1.70 per ton, compared with which was the old rate of \$6 per ton. From Hazen, the new rates are 80 cents and \$1.10, while the old rate was \$4.00. From Wabuska, rates will be \$1.10 and \$1.60, instead of \$4.40 as heretofore, and Mina is given rates of \$2.20 and \$3.30 in place of the former rate of \$19.40. Ore from Mill City will take a rate of 80 cents or \$1.10, depending on its value, while the old rate on all ore was \$5.00, and the \$6. Winnemucca rate is reduced to \$1.10 and \$1.60. Elko and Coeur have been required to pay \$1.10 and \$1.30 respectively, but the new rates will be \$2.50 and \$4.20 from Elko, and \$2.50 and \$3.00 from Coeur.

This is a good rate adjustment to become established, and it is hoped that it will assist in rehabilitating the mining industry in Nevada.

Preliminary Hearing of Blocker Tomorrow

The preliminary examination of George Becker, colored minister, held upon the charge of having murdered his wife, will be conducted before Justice Cuddy tomorrow morning at 10 o'clock. Defendant is represented by Attorney Joseph T. Murphy of the law firm of Forman & Murphy.

HARBOR BILLS CALLS FOR HEAVY EXPENSE

(By Associated Press)
WASHINGTON, Mar. 3.—New rivers and harbors improvements, calling for an expenditure of approximately \$40,000,000, would be authorized under the bill reported by the house rivers and harbors committee.

The reduction in the cost of improvement of the Crescent City harbor, of California, by \$45,000, is proposed in the bill.

SCHOOL BOY KILLS SELF BY SHOOTING

(By Associated Press)
DETROIT, Mar. 3.—Resenting and brooding over his father's peremptory order that he must continue to attend school, Arthur Coleman, aged 14 years, shot and killed himself in his home here today.

GOVERNOR OF PORTO RICO TO BE PROBES

(By Associated Press)
WASHINGTON, Mar. 3.—Investigation into the "official conduct" of Governor E. M. Kelly of Porto Rico by the house insular affairs committee, is provided in a resolution by Representative Humphreys of Mississippi, introduced today.

Masked Bandits Shoot and Rob Treasurer

(By Associated Press)
NEW YORK, Mar. 3.—Masked bandits shot and wounded the assistant treasurer of Tiffin Products corporation of Long Island City, and escaped with the payroll of \$90,000.

ULTIMATUM MUST BE FULFILLED BY NEXT WEDNESDAY, MARCH 8

CHAIRMAN OF IRISH PRISON BOARD SHOT

(By Associated Press)
BELFAST, Mar. 3.—Max R. Green, chairman of the Irish prison board, was shot and killed in Dublin today, a message states. He was the son-in-law of the late John Redmond, Irish Nationalist leader. The shooting of Green occurred during a chase following a robbery and was accidental.

RD. MOUNTAIN COMPANY MAKES GREAT EARNING

Hydraulic Operations During 1921 Resulted in Recovery of \$120,845.70.

A BANNER YEAR IS PROMISED

Estimated That 1922 Will Result in Production Precious Metal Being Greatly Augmented.

The Round Mountain Mining company enjoyed a prosperous year in 1921, the gross recovery from hydraulic operations being given, on officially as \$120,845.70, or an average value of \$120 per yard. There was handled according to the official statement given out this morning by E. D. Gordon, president and general manager of the company, 100,000 yards, and the net operating profit, before depreciation and depletion, amounted to \$48,000.

In his official statement, President Gordon states that the estimate of value to be hydraulized in 1922 is \$1,000,000. "The yardage for 1922 should be equal in value per yard to that hydraulized in 1921," states Mr. Gordon, and costs per yard should be lower on account of improvements to water system, and new flume of steel carrying capacity. Area to be hydraulized this year contains much lower rocks than that hydraulized in 1921. Practically all completed improvements have been completed, and the company owns nearly all of the placer ground in the Round Mountain district.

In reporting upon the Fairview (dike) company, Mr. Gordon states that the net operating profit for 1921 before depreciation and depletion, was \$11,000. Underground conditions on both the Fairview and Round Mountain Mining companies are much better than during the past two years.

Popular Deputy Sheriff of Manhattan Is Bested

M. J. Kelly, the efficient and popular deputy sheriff of Manhattan, accompanied by his wife, left this morning for home, after a couple of days spent in Tonopah. Mr. Kelly came here to consult a dentist, and at the end of the meal he found he had been bested for the first time in his life, having suffered the loss of several molars.

Order of Garter Is Given to Balfour

(By Associated Press)
LONDON, Mar. 3.—King George today conferred the Order of the Garter upon Arthur J. Balfour, in recognition of his services at the Washington conference. It is the highest honor within the gift of the king.

STOLEN LIQUOR RECOVERED BY COAST POLICE

(By Associated Press)
SAN FRANCISCO, Mar. 3.—A large quantity of liquor, identified as part of the \$25,000 hot taken yesterday from Monte Park mansion, occupied by Julian Hart, by a gang of nine bandits, who bound Hart, his guests and servants, who engaged an all night taxi, was found in a house here today. Alvin Karpis, in whose possession the liquor was discovered, was arrested on the charge of possession of stolen property. The stolen liquor belonged to P. W. McNeer from whom Hart, a San Francisco silk manufacturer, leased the mansion.

House Approves Navy Deficiency Measure

(By Associated Press)
WASHINGTON, Mar. 3.—The house today approved the provision general deficiency appropriation bill under which the navy would receive about \$10,000,000 for the next two months, or only half the amount the department estimated would be needed.

Without a repeal into the house today passed the navy bill appropriating approximately \$100,000,000 to meet the deficiencies of the various government departments. The law from was introduced for the year ends today. The house refused an amendment which would have made \$150,000,000 available for production of helium for the purpose of making noninflammable gas to fill dirigibles.
